Jessica Gadziala : Repo (The Henchmen MC Book 4) before purchasing it in order to gage whether or not it would be worth my time, and all praised Repo (The Henchmen MC Book 4):

1 of 1 people found the following review helpful. This series is so GOOD!By tellme@storyI can count on full stories, real true characters, laugh out loud moments, some drama and some bedroom (or field, backseat, laundry room ...) sizzle!I adore her drool worthy Hero's , and really enjoy her kick ass /smart ass Ladies. Add in the rest of the well know cast and it is a for sure good time.I had been waiting for Repo since Summer and Reign's book... Then after seeing so much of him in Wolf, I was so happy to see him get the perfect HEA he could get.You could read this as a stand alone but why would you want to? The older ones are just a well written and the other characters are so fun to discover.A great escape awaits you- read this author and series = you won't be disappointed !!0 of 0 people found the following review helpful. 5 StarsBy CherylThis book was Fantastic! Repo and the rest of the Henchman are given s run for their money when Maze shows up and insists in being the first female member of the Henchmen. Repo and Maze try to stay away from each other given that Repo's job is to make Maze want to quit, but when you are mean to be, no matter what your job or role, love finds a way to prevail.0 of 0 people found the following review helpful. So goodBy jlobooksI immediately bought this after reading Wolf and read it straight through. I was not disappointed in any way and very much enjoyed this story.I have to say, she writes some of the best Epilogues I've read. They manage to go many years in time and yet the next book in the series can go back to other characters that are the next in line to get their story without any missed arc in the story, it's very well done. Some of the secondary characters still have their mysteries to be solved, even as secondary and that makes it that much more entertaining to read.I really liked Repo and thought Mazy was a good fit. Her story was pretty good but Repo stole the show. I like that this author really creates such vulnerabilities in her characters and only has small repeats in her series.

MAZE:In concept, the plan was simple: prospect at The Henchmen MC. In practice, however, it was anything but. One, because I was a woman. Two, because it was a brotherhood. And three, because Repo, the man who was in charge of making my life a living hell until I quit or screwed up enough to get thrown out, also happened to be the hottest guy I had come across in ages.The problem was, if I didn't get in and stay in despite the hazing from the members and the undeniable attraction building between me and Repo, there was a very good chance I would be found by them. And if I was found by them, well, I was dead.REPO:How the hell was I supposed to get her out of the MC when, one, I didn't agree with the fact that because she was a woman, she had no place in The Henchmen. Two, because she was strong, smart, capable, and determined to get a patch. And three, because, well, I wanted her.The problem was, if I didn't get her kicked out, I would be screwing up a job that was important to the prez. But the problem was also that if I kicked her out, there was no way I was going to get a shot with her. I didn't know, however,

that the real problem was a lot more complicated and a lot more dangerous than disappointing my boss or not getting laid... the problem was Maze had demons and they were hot on her trail...* This can be read as a stand-alone and has an HEA but has side characters from the other Henchmen books. ** For possible triggers, please visit:
